MARNI
BY **NEWLINE**
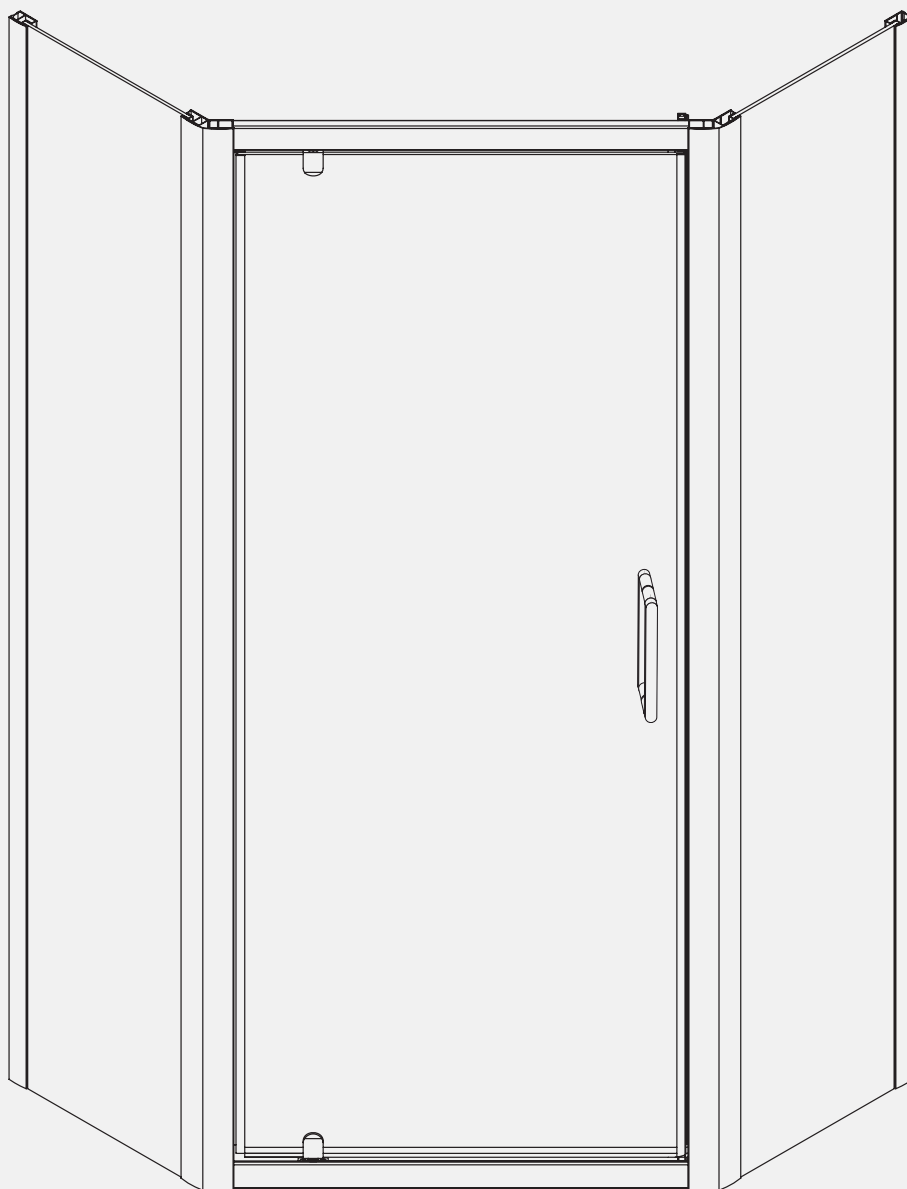

Urban Corner Angle
Shower

Important

1.When you receive your product check the contents for any freight damage or defects.
2.If this is a custom order, the size will be on the outside of the box. Check that it is correct.
3.Advise Marni on 0800 4 MARNI if any damage has occurred or if you have any questions about the size within 8 hours of receiving the goods so this can be rectified.
4.Do not install faulty products, as this will void your warranty.

Health and Safety

- Unpack glass, stand on soft packing on floor and walls prior to assembly.
- Do not rework glass panels.
- Do not strike an edge or corner of glass.
- Use two persons where heavy glass lifting is required.
- Wear appropriate protective clothing and eye protection during installation.
- Mark gas/water pipe and electrical wire locations to ensure these are not touched.

Attention

- **The tray base** must be installed level as this affects all shower alignments.
- **Wall Specifications** require a max variation of 3mm within shower height. Installer must check the viability of install if outside of these specs.
- **3-Sided Alcove Showers:** Wall must be accurate, straight, and plumb. Refer pre-install guide.
- **Double studs for solid fixing of wall channels:** Positioned at tray outside edge

Tools Required

Ø3.2mm
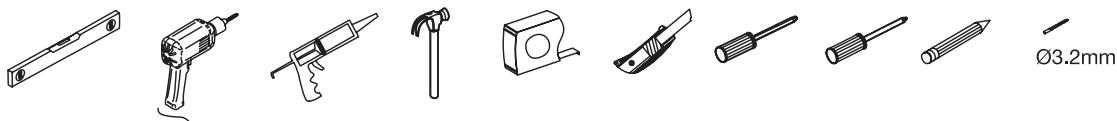

Warranty

- This covers faulty goods but not breakages. Visit marni.nz for information.
- Compliance with Specs and these instructions are essential for a valid warranty.

We recommend a skilled tradesman acquainted with shower installations to ensure the very best outcome.
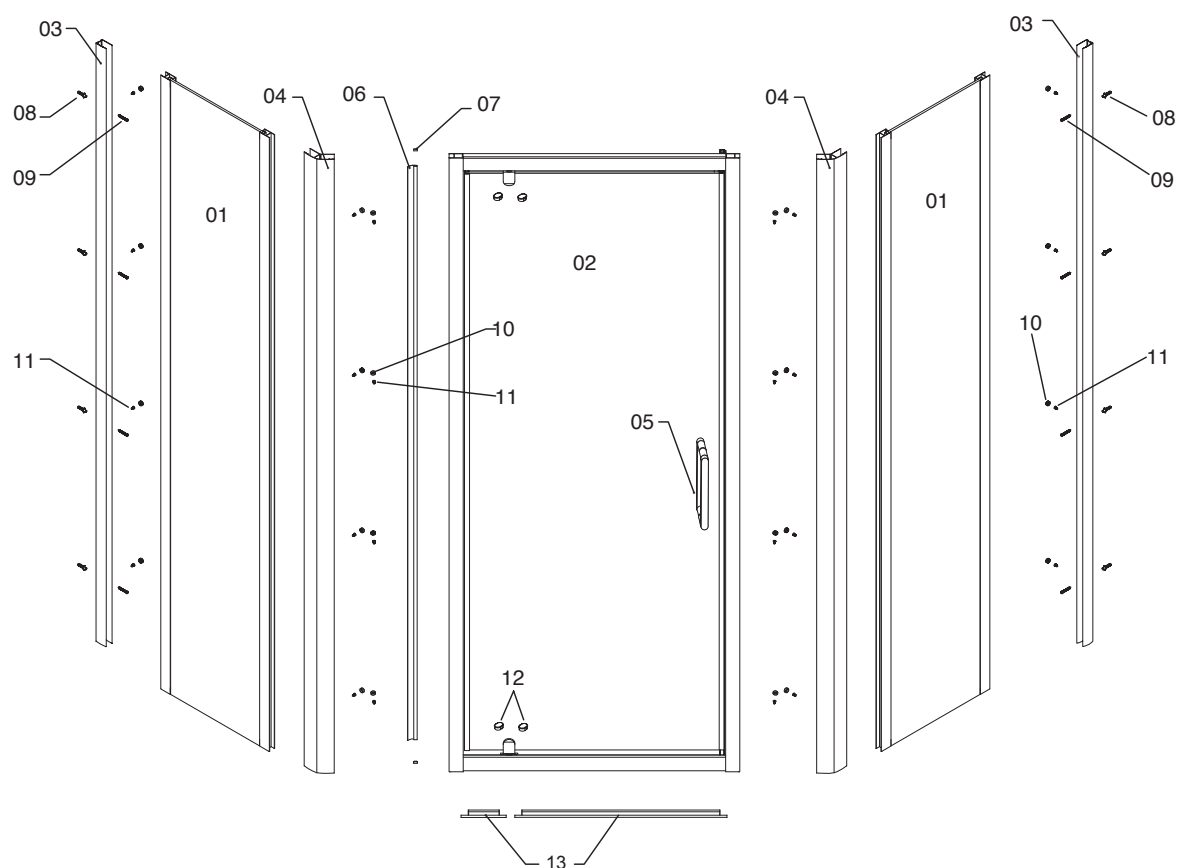

COMPONENTS LIST

REFERENCE	DESCRIPTION	PART NUMBER	QUANTITY
1	Fixed Glass Panels		2

1

Walls out of plumb will not allow for full minimum / maximum options.

03

03

Silicone bead on back of wall channels prior to installation.

13mm

A

B
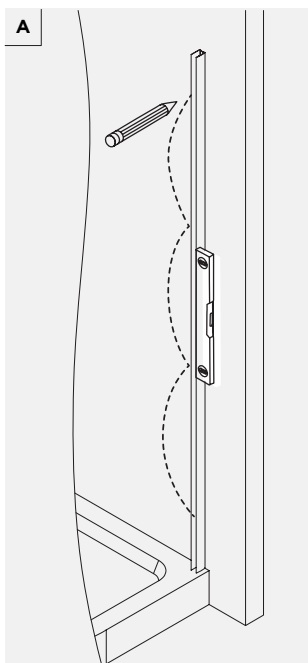

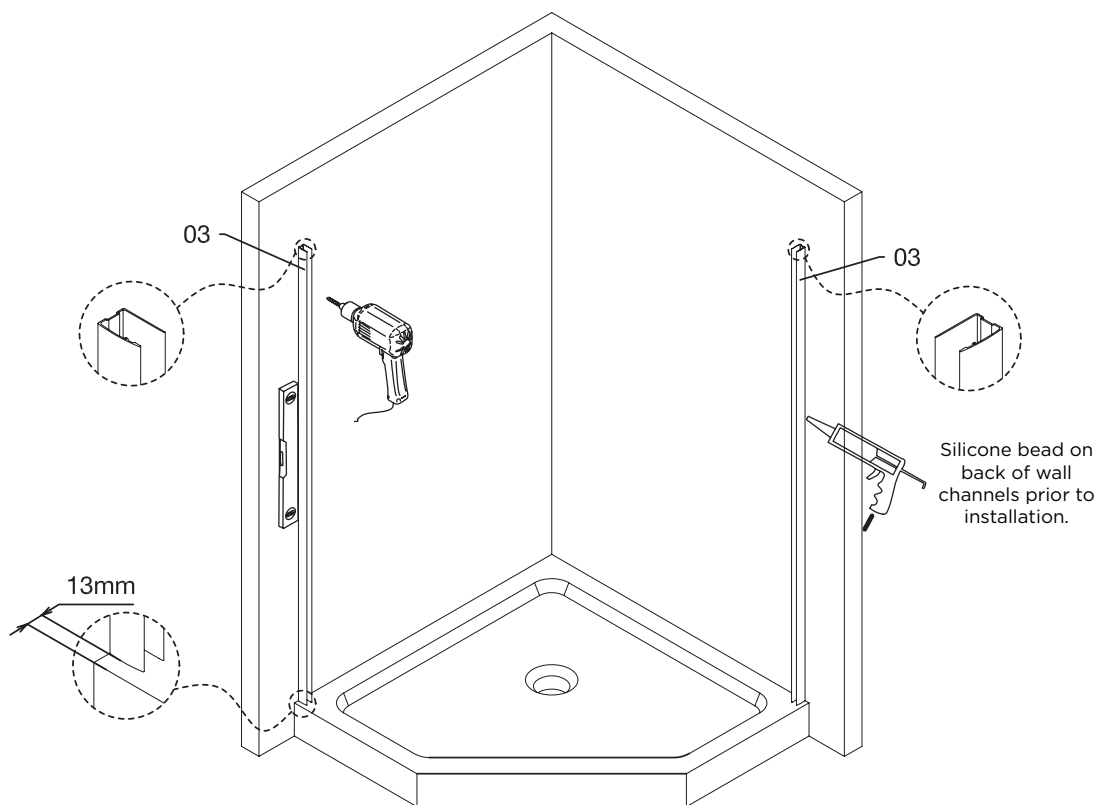

Acrylic Shower Layout

Position the wall channels at 13mm off the tray edge as diagram above. This allows for walls bowed or leaning inwards up to 5mm. Reduce the measurement off the tray edge if walls dictate this.
**Refer to table above.**

Mark Wall Profile

Fasten Profile to wall.

2

01

01

Place fixed glass
into wall profiles.

Glass flush
to outside

3

04
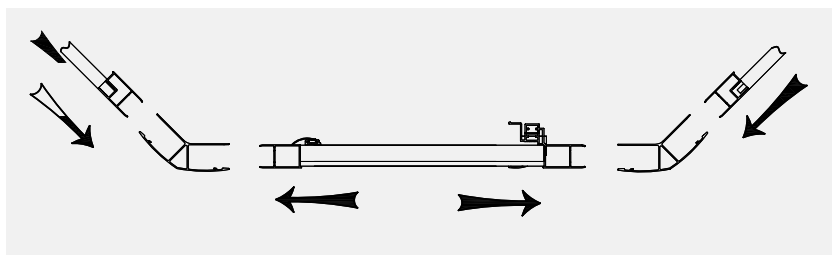

04

Position corner posts
on fixed glass.

4

07

06

07

Install back of door seal and
fix caps top and bottom.
Always superglue bottom cap.

5

02

05

Fit door set to fixed glass.

6

a

ϕ3.2mm
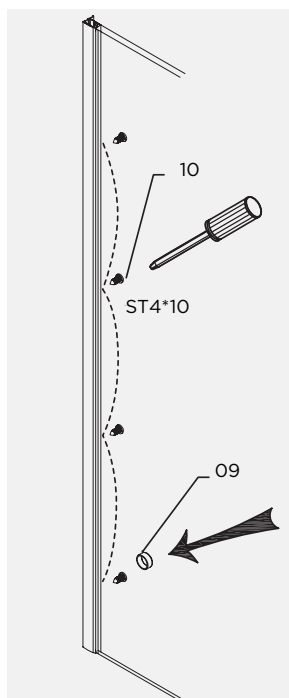

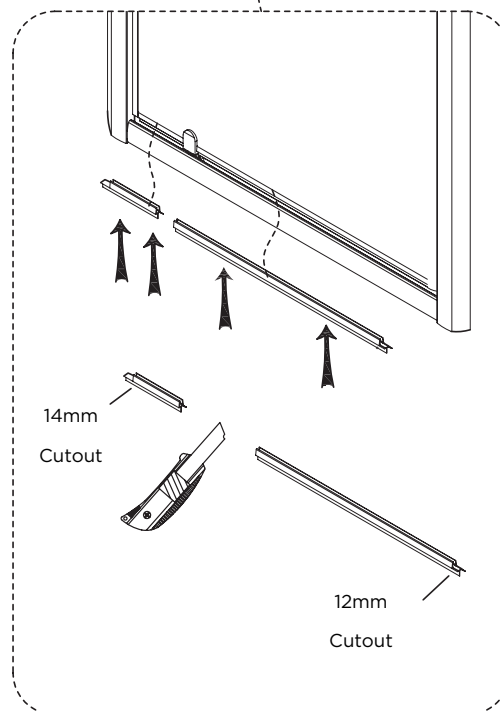

A.   Equalise shower screen to tray edge.
B.   Square up door frame, adjust pivot
      mounts to align door to frame.
