Urban Corner
Shower

Important

1.When you receive your product check the contents for any freight damage or defects.
2.If this is a custom order, the size will be on the outside of the box. Check that it is correct.
3.Advise Marni on 0800 4 MARNI if any damage has occurred or if you have any questions about the size within 8 hours of receiving the goods so this can be rectified.
4.Do not install faulty products, as this will void your warranty.

Health and Safety

- Unpack glass, stand on soft packing on floor and walls prior to assembly.
- Do not rework glass panels.
- Do not strike an edge or corner of glass.
- Use two persons where heavy glass lifting is required.
- Wear appropriate protective clothing and eye protection during installation.
- Mark gas/water pipe and electrical wire locations to ensure these are not touched.

Attention

- **The tray base** must be installed level as this affects all shower alignments.
- **Wall Specifications** require a max variation of 3mm within shower height. Installer must check the viability of install if outside of these specs.
- **3-Sided Alcove Showers:** Wall must be accurate, straight, and plumb. Refer pre-install guide.
- **Double studs for solid fixing of wall channels:** Positioned at tray outside edge

Tools Required

Ø3.2mm
Warranty

- This covers faulty goods but not breakages. Visit marni.nz for information.
- Compliance with Specs and these instructions are essential for a valid warranty.

We recommend a skilled tradesman acquainted with shower installations to ensure the very best outcome.
